ESSENZA

Sleek lines, rich textures—a new language of bedroom elegance.

A refined bedroom collection that combines the silky, enveloping texture of Urban Velvet with the warmth and rhythm of Tabacco-finished fluted panels.

Clean lines, sophisticated contrasts—ESSENZA invites you to experience design that combines visual harmony with tactile elegance.

Detail of the nightstand with an overhanging top, designed to create a sense of movement while maintaining a refined elegance.

The side edge of the nightstand features the distinctive Tabacco fluted finish, visually connecting with the top for a harmonious look.

The inner drawer is finished in anthracite on all four sides, enhanced by diamond-shaped edges that highlight the craftsmanship and attention to detail.

The storage bed with lift-up slatted base is a smart space-saving solution, perfect for storing blankets, pillows, and other bedroom essentials.

The lift-up mechanism ensures easy access to the storage compartment while maintaining the bed's sleek design. This optional feature is available on all Queen and King Camelgroup beds

Elevate your bedroom with the refined design of ESSENZA modular wardrobes, available in a wide range of sizes and customizable combinations to suit your space and style.

A soft Nabuk cushion with double vertical stitching adds depth and sophistication to the three-layer headboard design, creating a perfect balance of comfort and style.

Essenza bench and Essenza pouf, the latest addition to the Camelgroup collection, combines functionality with a light, contemporary design. It features a comfortable soap-shaped padded seat and sleek metal legs, making it a stylish and practical accent for any bedroom.

The handles used on tallboys, dressers, and nightstands feature a clean, minimalist design. Each handle is anchored into the drawer through precision milling, ensuring long-lasting strength and durability.

Goccia is a statement mirror with a distinctive design and exceptional versatility, making it the perfect addition to any space—bedroom, living room, or hallway. Its unique feature lies in the freedom of installation: the mirror can be rotated in 90-degree increments and hung in any orientation, allowing each customer to tailor its placement to their personal taste and the surrounding décor.

The ESSENZA collection also includes beds designed for 120 cm mattresses, offering the perfect balance between space-saving design and everyday comfort. This versatile size is ideal for youth bedrooms, guest rooms, or compact living spaces, providing ample sleeping space without overwhelming the room.

Additionally, the ESSENZA 120 bed can be ordered with an upholstered headboard panel, just like the one featured in the double bed version, adding an extra touch of comfort and style to suit any bedroom decor.

The ESSENZA desk with integrated drawer unit combines sleek design with everyday practicality. Its compact size makes it perfect for smaller bedrooms or multi-purpose spaces, while the built-in drawers offer smart storage for keeping essentials organized and within easy reach.

Whether used for studying, working, or creative activities, this desk is designed to support daily routines with style and efficiency. A perfect addition to any modern home where space optimization and functionality matter most.

A selection of bedroom chairs available in the collection, each designed to combine elegance, comfort, and functionality.

Perfect as a stylish accent next to a vanity, desk, or simply as an occasional seat, these chairs complement the bedroom space with their refined lines and practical design. Upholstered finishes and neutral tones make them easy to pair with different styles and color palettes.
